BASED IN London

01

Experience

2024 – present
London

Research Analyst

Office of the Chief Economist, European Bank for Reconstruction and Development

- Co-wrote chapter 2 of the Transition Report 2026–27, "The economics of defence spending", and box 2.1, "Ukraine's defence industry: from wartime necessity to export industry".
- Co-wrote chapter 2 of the Transition Report 2025–26, "Fertility in transition", and wrote or co-wrote its four boxes: on Central Asia's fertility rebound, how delayed childbirth reduces completed fertility, the drivers of population change and fertility convergence among immigrants.
- Co-wrote chapter 2 of the Transition Report 2024–25, "Promoting structural change", and wrote or co-wrote four boxes, among them case studies of Romania's computer-services exports and Morocco's automotive sector, the second using synthetic control, and one on pollution from special economic zones.
- Built agentic AI workflows for the Office that automate literature reviews and referee reports on papers and their code.

2022 – 2024
London

Research Fellow

Professor Sandra Sequeira, Department of International Development, LSE

- Co-wrote, with a fintech firm, a study of the money-transfer market and of how currency shocks change the prices remittance providers charge.
- Wrote code to process high-frequency datasets of more than 1bn rows.
- Supervised two research assistants on a project using deep learning to turn images into data.

02

Education

2021 – 2022
